Global Company

Employees 118,000

Vehicle Markets Served

- ✓ On road vehicles
- ✓ Sports Vehicles
- ✓ Motorcycles
- ✓ Aftermarket

Meeting SCIP compliance
on time as they sell several models of vehicles and Ten's of thousands of parts being sold in Europe

Huge SCIP dossiers
The Vehicle level SCIP dossier is huge and contains thousands of SVHCs

Manual compliance processes
Following manual SCIP dossier creations taking longer time

Lack of latest knowhow
SCIP being new regulation, internal teams lacking the complete knowledge

**Gap analysis and detailed
action plan**

**Data collection in multiple
formats from internal teams and
suppliers wherever needed**

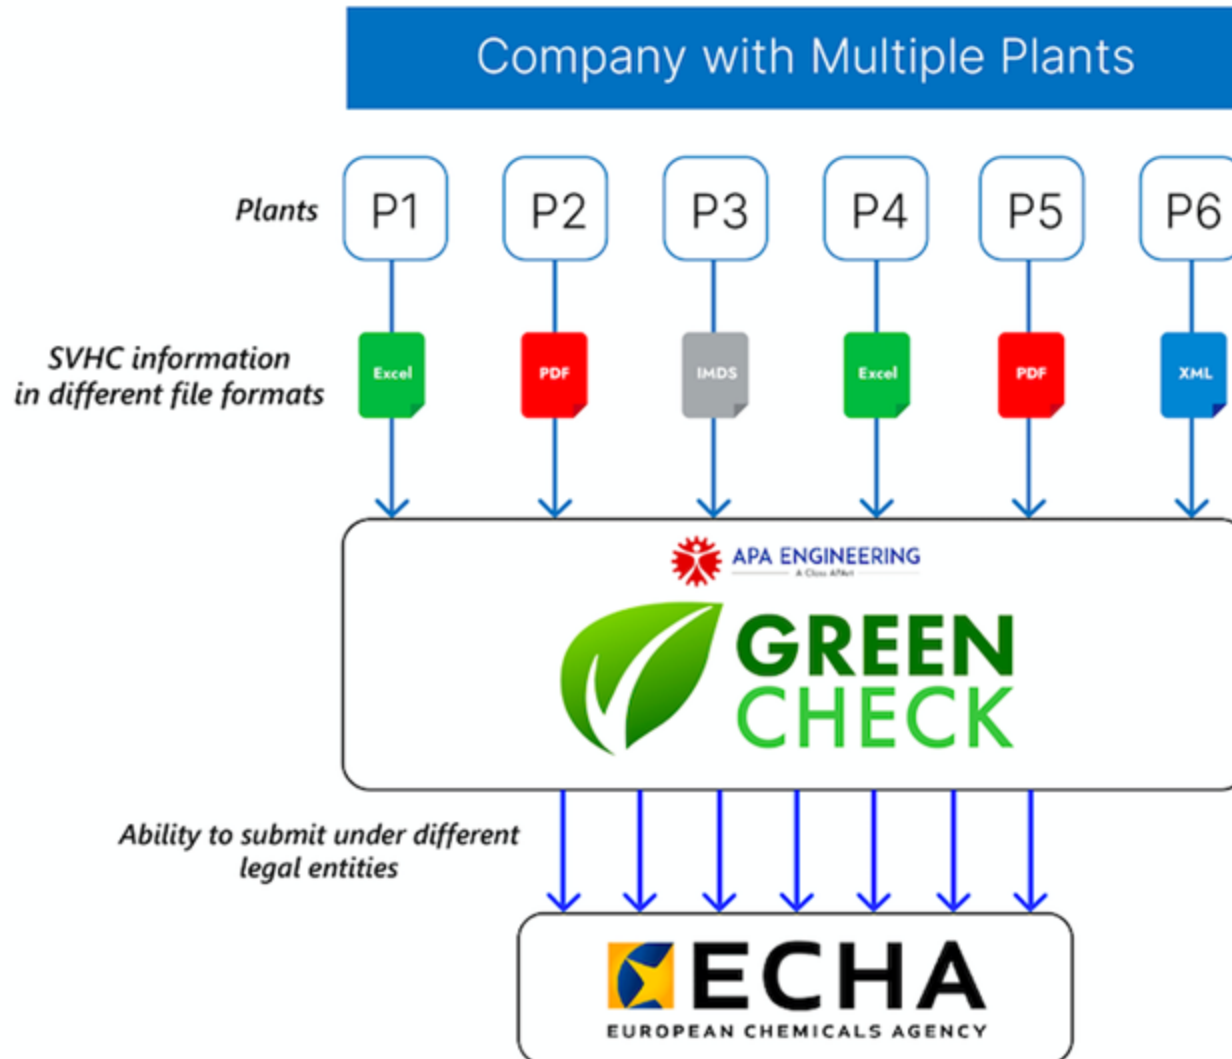

**Reformatting and restructuring
the data to align with submission
requirements**

**Customized and Implemented
SCIP software to fully automate
the SCIP dossies within a
month**

**Dealt with and met expectations
of multiple stakeholders**

- Automotive manufacturing facilities with variety of different parts – vehicles, drives, mechanisms, casting parts, plastic, electronics, passive components
- Multiple LEGAL entities (Plants) across EU and North America.
- The inputs provided by each plant vary In format
